CAPABILITY STATEMENT

ABOUT US

Everything we do at Gilead Technologies is based on partnership. We pursue relationships not transactions. Since our inception in 2016, we've grown to serve more than 5 cities across the US - San Antonio, Austin, Houston, Dallas, Chicago, Baltimore, Boston and California.

Our team comprises of over 100 technology professionals, multilingual and a few US Veterans dedicated to providing Break/Fix, Deployment, IT Staff Augmentation, Procurement and IT Asset Disposition solutions for small, midsize businesses and government agencies in the cities we serve.

With a wealth of technical experience and customer first approach, we've allowed our clients to focus on what they do best and allow our team of experts to manage their technology.

CLIENTS WE'VE SERVED:

OUR CORE VALUES

Excellence

We create a great experience for our customers.

Passion

We take pride in the work we do.

Integrity

We do whatever it takes to make your project a success.

WHY CHOOSE US

- ✔ Your journey is our journey
- ✔ We get results

OUR COMPETENCIES

IT Procurement

Find the best technology solutions for your budget and long term business strategy, with help for sourcing, negotiation, and implementation.

Technology Deployment

Roll out business technology with a team at your office for device implementation, network setup, software installation, office 365, VoIP, cabling, etc.

Field Tech Support

Tackle onsite IT needs the same day with 4-hour response times for IT emergencies, computer repairs, patching, system maintenance, etc.
